

# BioMNI Bench results20: partial mechanistic weak-versus-strong gap

Matched assignments require complete terminal-bank scores from GPT-5.6 Luna, GPT-5.6 Sol, and Claude Opus 5 at both boundaries. Strong = mean(Sol, Claude).  
Snapshot 2026-08-25T09:29:09-07:00 · 3834 cached records · 486 paired assignments. Negative change means the weak-judge advantage shrank.
